

Embassy of the Federal Republic of Germany  
Tel Aviv  
Head of Administration

Tel Aviv, May 15th, 2008

To  
SONIGO  
Moving and Shipping Co.

Ashdod

**To whom it may concern**

With this letter, I, as the Representative of the Embassy of the Federal Republic of Germany Tel Aviv in all administrative matters, would like to express my entire satisfaction with SONIGO Moving and Shipping Co., Israel, concerning the organisation and the handling of the outgoing old and incoming new Embassy office furniture.

In the months of April and May 2008, the German Embassy received, coming from Germany by ship, new office furniture for the entire Embassy (content of three 40' containers for 88 offices and conference rooms, etc.).

SONIGO has proved to be efficient, open for extremely flexible working hours (late evening etc.), and the packers put at our disposition have been sufficient in number, were friendly and very competent.

The administrative handling of the big shipment (to mention here in particular Mr. Joe Semel's cooperation) has been smooth and professional; he was all the way through the process of re-furnishing our offices available and/or present.

The Embassy highly recommends SONIGO Co. and would not hesitate employing their services again.

Rolf Berkner  
Head of the Administration Department
