Dear Customer,

Please go to below link and submit your application via an online form on the .gov website.

https://www.gov.uk/guidance/transfer-of-residence-to-great-britain

Please include a copy of your visa or UK passport within your application as an attachment to support and expedite an easier approval.
If you do not have any proof, then HMRC may require you to reply with certain specific bits of information to approve your application.

If you did not receive the approval, you may still be entitled to ship your goods, however you will pay full duty and taxes and you may obtain a declaration to claim it back once they eventually have your TOR approval

Once your application is approved, please forward the approval letter to our email

Best Regards,
